

Little Girl

Steve Miller Band

Oh little girl, all mine
Hey, you sure are fine
I'm gonna take you home
That's where you belong Cause you were born to discover
You're made to love the good things
Yes, you were Oh little girl, so fine
I'm goin' to make you mine
Reach out my hand
I know you understand Cause you were born to discover
You're made to love the good things
Yes, you were Let me hear you say I, I love you
Let me hear you say I, I love you
Let me hear you say I, I love you
Let me hear you say I, I love you Cause you were born to discover
You're made to love the good things
Yes, you were Come on Let me hear you say I, I love you
Let me hear you say I, I love you
Let me hear you say I, I love you
Let me hear you say I, I love you Cause you were born to discover
You're made to love the good things
Yes, you were
Come on
Iii, whoa, yes
