

# One More Hill

## Avatar

Every path will lead to war  
It's carved in stone, our fate is sealed  
Promise that we'll meet again  
Just make it cross the battlefield  
Everybody bleeds the same  
In pitch black darkness, who can tell?  
Mooring on through the madness  
We buried brothers where they fell  
Every path will lead to war  
It's carved in stone, our fate is sealed  
Promise that we'll meet again  
Just make it cross the battlefield  
Everybody bleeds the same  
In pitch black darkness, who can tell?  
Mooring on through the madness  
We buried brothers where they fell  
A name  
A name  
I'd give my soul for a name  
Something  
Something  
Something  
Let me feel like there's something for me  
Just one more hill to climb  
Just one last song of glory  
You said that we could fight the dawn  
Where can we go?  
Where can we go?  
Where can we go from here but down?  
You've cursed us all  
Every step a greater lie  
And every night the same old dream  
Swallowed in a wave of flesh  
And nobody can hear me scream  
Everybody turned in shame  
Don't want to see the house we've built  
Peel our skin and stab our eyes  
It's all it takes to hide our guilt  
A name  
A name  
I'd give my soul for a name  
Something  
Something

Something

Let feel like there's something for me Just one more hill to climb

Just one last song of glory

You said that we could fight the dawn Where can we go?

Where can we go?

Where can we go from here but down?

You've cursed us all Just one more hill to climb

Just one last song of glory

You said that we could fight the dawn Where can we go?

Where can we go?

Where can we go from here but down?

You've cursed us all
