

Born To Die

Sevendust

Open up my eyes
Release me I can't believe
This is happening to me
Born to live but sworn to die My body is warm, my fingers are cold
I think they buried me alive
I might have found, I lost my soul
As the pages of my life unfold Opened up my eyes
Release me Did I walk a long way?
Today is finally owned me
Twist a blunt, it's time to fly The cough is growing
Your Microdots are flowing
Oh my God, I'm ready to die Born to die
(Born to die)
Born to die Born to die
(Sing together)
Born to die I can't believe
This is happening to me
Born to live but sworn to die My body is warm, my fingers are cold
I think they buried me alive
I might have found, I lost my soul
These are the pages of my life Born to die
(Born to die)
Born to die Born to die
(Sing together)
Born to die
