

Hide and Seek

Tracie Spencer

Are you
Hiding from me
Playing a game of hide and seek
I count to ten
Then you hide again from me

Well I know
you're somewhere in this world
and I want to be your girl
So if you hear this song
Please don't leave me alone

Playing hide and seek
Ready or not here I come
Playing hide and seek
Wondering where or when will we
Find each other

Oh Yeah
I'm looking for you
why are you hiding

Now, it's so lonely
when you're not in love
needing to be kissed and hugged
and held real tight when you go to sleep
at night

I can hear you
Calling out my name
It's such a crazy game
I look around and you're nowhere to be found

Playing hide and seek
Ready or not here I come
Playing hide and seek
Wondering where or when will we find each other
