

# Chicken Wing

Kevin Fowler

Chicken Wing-Kevin Fowler  
It ain't nothing but a chicken wing  
Don't worry about a single thing  
When your troubles start coming around  
Don't you let it all get you down  
Don't sweat the small stuff  
Life's too short, live it up  
Send your worries right down the drain  
It ain't nothing but a chicken wing  
Knew this old boy one time  
Poor fella nearly lost his mind  
Carry around such a heavy load  
Never ever learned to let it go  
Stayed stressed out to the max  
He up and had a heart attack  
That fool don't wind up dead  
He should've listened when his momma said  
It ain't nothing but a chicken wing  
Don't worry about a single thing  
When your troubles start coming around  
Don't you let it all get you down  
Don't sweat the small stuff  
Life's too short, live it up  
Send your worries right down the drain  
It ain't nothing but a chicken wing  
When life gives you lemons  
Better make some lemonade  
When those thunderclouds start pouring down  
Go dancing in the rain  
It ain't nothing but a chicken wing  
Don't worry about a single thing  
When your troubles start coming around  
Don't you let it all get you down  
Don't sweat the small stuff  
Life's too short, live it up  
Send your worries right down the drain  
It ain't nothing but a chicken wing  
It ain't nothing but a chicken wing  
Don't worry about a single thing

When your troubles start coming around  
Don't you let it all get you down  
Don't sweat the small stuff  
Life's too short, live it up  
Send your worries right down the drain  
It ain't nothing but a chicken wing  
Just remember these words I say  
It ain't nothing but a chicken wing  
It ain't nothing but a chicken wing
