

Flowers in Your Hair

Dale Watson

I like that flower in your hair.
I like the dresses that you wear.
and I like (...) how we care,
about this feeling that we share.
I like how you walk in the room.
I like the smell of your perfume.

What I like most about you,
is how you love my like you do.
And I wouldn't change a thing,
about the way you think.

You think I hung the moon.
I'll never tell you it ain't true.
I like that flower in your hair.
I like the dresses that you wear.

What I like most about you,
is how you love me like you do.

---Instrumental---

And I wouldn't change a thing,
about the way you think.

You think I hung the Moon.
I'll never tell you it ain't true.
I like that flower in your hair.

I like the dresses you wear.
What I like most about you,
is how you love me like you do.

What I like most about you,
is how you love me like you do.

---Instrumental---
