

There's a Tear (Acoustic Version)

Basia

I wonder if you'll ever know
That every day I miss you so
Was I wrong to let you go
Or maybe you feel just like I do
And wonder if I'll ever know
That every day you miss me so
Why did we let it all fall apart
Before it even had a chance to start
there's a tear in my eye
The other is dry
There'll never be a better time
Honey, this moment is your life
it all started with a dream
Then it seemed a hopeless scheme
Now I think what could have been
You took my panic for indifference
But how was I supposed to know
That one day I will miss you so
I would have fought for you to the end
I would have never let you slip away
now there's a tear in my eye
The other is dry
There'll never be a better time
Honey, this moment is your life
