

Change Your Mind

Gloriana

Girl, don't say a thing
Lie here next to me underneath the moonlight
I know it's getting late, let the music play
It's okay to stay the night How about we give this one more try?
Come on and let me hold you
Come on, you know you want to One more chance to finally get this right
I know you think it's over
Give me a chance to change your mind Ain't been easy, never will be
It was good and still could be
I wanna touch your skin and feel your face again
I still believe in you and me How about we give this one more try?
So come on and let me hold you
Come on, you know you want to One more chance to finally get this right
I know you think it's over
Give me a chance to change your mind Baby, please How about we give this one more try?
One more chance to finally get this right
I know you think it's over
Give me a chance to change your mind Baby, please
I still believe in you and me
