Wicked Wonderland

Rev Theory

To all you sinners, an open invitation
No inhibitions, no need for moderation
Stand up if you wanna be a rock star
Yeah, I wanna be your instigator
Yeah, ringleader for the sinners and haters
So let?s start the show (yeah, yeah)
You?re gonna lose control (yeah, yeah)
Don?t wanna give it up (yeah, yeah)
Come out and play now
Come out and play
In my wicked wonderland
Start a riot without a hesitation
It?s all a matter of per man implication
Last call if you wanna be a rock star
Yeah, I wanna be your bad behavior
Yeah, you know it?s only human nature
So let?s start the show (yeah, yeah)

You?re gonna lose control (yeah, yeah)
Don?t wanna give it up (yeah, yeah)
Come out and play now
Come out and play
In my wicked wonderland
Just close your eyes
Open your mind (your mind)
But don't cross the line...
Yeah, I wanna be your instigator
Yeah, ring leader for the sinners and haters
So let?s start the show (yeah, yeah)
You?re gonna lose control (yeah, yeah)
Don?t wanna give it up (yeah, yeah)
Come out and play now
Come out and play
In my wicked wonderland
Wicked wonderland (yeah, yeah) [x3]
