My Song (Single Version)

Glass Tiger

I want to sing my song
It takes me home where I come from
I want to sing my song
For you, for everyone.Still the fire burns
From deep inside of me
But when my heart is longing
Fear disappearsAnd so I wait in silence
Wait for a star to fall
I'll fly with the angels
As they carry me homeI want to sing my song....Oh, I've left it all behind me
To travel the distant roads
So far from my homeland
So far from my shoresI want to sing my song....
