Number One

Tinchy Stryder

Ah, uh, uh, oh, ah, uh, uh, oh
Ah, uh, uh, oh, ah, uh, uh, oh, na, na, naii
Ah, uh, uh, oh, ah, uh, uh, oh, Tinchy Stryder
Ah, uh, uh, oh, N Dubz, ah, uh, uh, oh, yo
It was nothing but a quick thing
Kids games, kiss chase, just a quick fling
Now I'm hoping you never go missing
Now I'm telling you, you can hold this ring
Watch how it glistens
It was done as quick as the wind blows
Didn't think I would ever be involved
So I even wrote a song called, don't go
Now it's just you and me on a love row
Dappy like dino, us two, tip toes, duck dive, get low
And now I care less about who knows
Now were deep in way past intro
Dappy explain yo
See never did I think a boy like me would be in need
When all I really wanted was to have some fun
Now I'm losing my head, I'm telling you one thing
You're number one
See I don't understand how you're number one
When it was just a fling before, now you're the one
See all I did was blink twice, from my homie to my only
Number one
Ah, uh, uh, oh, ah, uh, uh, oh
Ah, uh, uh, oh, ah, uh, uh, oh
Yo, it was all now never planned no after
It was like games, jokes, laughter
Live for the moment, left it all open
Now I'm in deep flames, lava, breathe karma
And now I'm stating
See I never saw this in my daydream
It's really you that I'm fully rating
And the days here no more waiting
Pay it all wise to the smart man raised him
I was so hurt, pain, aching
On the wrong path, then a good girl saved him
That's why I'm letting man know she's amazing

See never did I think a boy like me would be in need
When all I really wanted was to have some fun
Now I'm losing my head, I'm telling you one thing
You're number one
See I don't understand how you're number one
When it was just a fling before, now you're the one
See all I did was blink twice, from my homie to my only
Number one
You lift me off the ground
I always want you around
I ain't gonna let nothing get in the way
I'll never let nothing get in the way
You lift me off the ground
I always want you around
I ain't gonna let nothing get in the way
I'll never let nothing get in the way
Yo, I ain't never gonna let nothing get in the way
You play your cards all right, you're an ace
You make my nights so bright, you're my days
You took me out of the maze, you are number one
See I don't understand how you're number one
When it was just a fling before, now you're the one
See all I did was blink twice, from my homie to my only
Number one
You lift me off the ground
I always want you around
I ain't gonna let nothing get in the way
I'll never let nothing get in the way
You lift me off the ground
I always want you around
I ain't gonna let nothing get in the way
I'll never let nothing get in the way
Yo, number one in the race, you're a leader
Girl, you're out of this world, I can't see ya, uh, oh, oh, oh
And now you got a place in my heart
It's funny how you actually went from my homie to my only
Number one
