

Only Love Can Break Your Heart

[Stephen Stills](#)

When you were young and on your own
How did it feel to be alone?
I was always thinkin' of games that I was playin'
Tryin' to make the best of my time Yes only love can break your heart
Try to be sure right from the start
Yes only love can break your heart
What if your world should fall apart I have a friend I've never seen
He hides himself inside a dream
Someone should call him and see if he can come out
Try to lose the down that he's found Yes only love can break your heart
What if your world should fall apart
Yes only love can break your heart
Try to be sure right from the start And so my friend, if you have seen
The other side of all those dreams
Know that you could take it as far as you would want to
Don't believe the great run around Yes only love can break your heart
Try to be sure right from the start
Yes only love can break your heart
What if your world should fall apart When you were young
