Analogue

Travi\$ Scott

Come back, my darling one I'm calling on you The road ahead is long And I must warn you I wonder where did she go? If I failed you I tell you right now All I want you to know, I love you All I need is the time to show you Come back, my fallen son Don't let them fool you 'Cause when the day is done They'll never move you Lay down your senseless pride (Got more than you) Put out your mournful tones I tell you right now All I want you to know, I love you All I need is the time to show you how I feel Feel Lay down your senseless pride You traveled once too often, yeah I tell you right now All I want you to know, I love you All I need is the time to show you, oh yeah You know, I love you All I need is the time to show you how I feel
