

Jingle Of A Dog's Collar

Butthole Surfers

I was looking for the main line
And I was, working through a friend of mine
But I, couldn't seem to find the time,
What do they know about love?
What do they know about love?
What do they know about love, my friend?
What do they know about love?
The jingle of a dogs collar
Would be good right here
The jingle of a dogs collar
Would be fine
The jingle of a dogs collar
Would be good right here
The jingle of a dogs collar
Would be fine
What do they know about love?
What do they know about love?
What do they know about love, my friend?
What do they know about love?
The jingle of a dogs collar
Would be good right here
The jingle of a dogs collar
Would be fine
The jingle of a dogs collar
Would be good right here
The jingle of a dogs collar
Would be fine
I was looking for the main line
And I was, working through a friend of mine
But I, couldn't seem to find the time,
What do they know about love?
What do they know about love?
