

# O Holy Night

[Angie Miller](#)

a new glorious night  
falll on your knees  
oh hear the angel voices  
oh night devine  
oh night  
wen christ was born  
and oh night devine oh night  
oh night devine truly  
he taught us to love one another his law is love  
and gospel is peace  
chains shall he break for  
the slaves are  
are brothers
