

Dance Like Nobody's Watching

Family Force 5

I used to get nervous, inside
look in the mirror, don't even try
there's something that's changing
it feels amazin'
and I got no reason to hideMy legs started shaking
man, there aint no faking
with all these moves that I'm making
with all these rules that I'm breakingAnd I look to my left
And I look to my right
not a soul in sightI'm gonna dance like nobody's watching
Nobody's watching
So I dance like I don't even care
I'm gonna move like it's not an option
I throw my hand in the air
keep them thereI'm gonna dance like nobody's watchingso I dance!this is how I dance!It's who I am!Dance like
nobody's watchingYou don't like my style
I don't feel bad
when you see me working
does it make you mad?
you think I'm reckless
I couldn't care less
I'm the best friend you never hadI can teach you how to shake it
Man, you couldn't fake it
all these moves that you're making
all these rules that we're breakinglook to my left
and I look to my right
I am by your sideI'm gonna dance like nobody's watching
Nobody's watching
So I dance like I don't even care
I'm gonna move like it's not an option
I put my hands in the air
keep them thereDance like nobody's watching!It's who I am!This is how I dance!It's who I am!Dance like
nobody's watchingI don't even care if the world is watching
if they don't like it
that's their problemI don't even care if the world is watching
if they don't like it
that's. their problemEVERYBODY!
Dance like nobody's watching
nobody's watching

we can dance like you don't even care
we're gonna move like it's not an option
put our hands in the air, keep em' there Dance like nobody's watching This is our chance! Everybody dance! This
is our chance! Dance like nobody's watching.
