

One Of These Mornings

Moby

One of these mornings won't be very long
You will look for me and I'll be gone
One of these mornings won't be very long
You will look for me and I'll be goneOne of these mornings won't be very long
You will look for me and I'll be gone
One of these mornings won't be very long
You will look for me and I'll be gone and I'll be goneAnd I'll be gone and I'll be gone
And I'll be gone and I'll be gone and I'll be gone
You will look for me and I'll be gone and I'll be goneYou will look for me and I'll be gone and I'll be gone
You will look for me and I'll be gone and I'll be gone
You will look for meOne of these mornings won't be very long
You will look for me and I'll be gone
