

# Servant / King

## Wildwood Music

Whoa....whoa....  
Humbly He came  
The Lamb to be slain  
From innocent life to pure sacrifice

Whoa.....whoa.....  
Silent He went  
For His life was spent  
He drank from our cup  
And suffered for us

\* Love.....has a name  
Love.....has a face  
Love.....came down  
Emmanuel,  
God with us now

Stripes on Your back  
Scars on Your hands  
You would foresee  
A servant and King

I was rescued from the valley  
My heart was set on fire  
My feet You have lifted  
From the muck and the mire

You have brought me out  
And set me on the rock  
You have brought me  
And set me on the rock  
You have brought me out  
And set me on the rock (\*)
