

Make Me a Boat

The Family Crest

Make me a boat
And set me afloat
And carry me home
Find me a wave
That's soft and safe
And made for me Find me a wave
That is slow and amazing
To care for my heart
Find me a wave
That's harsh and ungraceful
To tear me apart
Find my own maker
Carry me home
The lights are unchanging here
Lead me away to the city today
The shaking of all my fears
Cast away Born in the fire, we're watching it grow
We're watching it grow
Cast in the fire, she makes me a home
She makes me a home
Burn in the fire, we're watching it grow
We're watching it grow
Cast in the fire, she makes me a home
She made me a home Oh she made me a home
And we move soft and slow So please marry me love
Oh, please marry me love Make me a boat
And set me afloat
And carry me home
