

# My Story

## Henry Green

A little girl from North Island  
Thinking back when it all started  
    I always had big dreams  
    Wanna be a superstar  
    Said I was touched by God  
Now I can tell the world all about  
    My life, my heart  
    My story, my everything  
    To all of you is all of me  
    My story, my everything  
    My life, my heart  
    My story, my everything  
    To all of you is all of me  
    My story, my everything  
    My life, my heart, my story  
    The answer to the calling  
Now the whole world can see  
    They will know about me  
Shout it from the highest mountains  
    Into the valley lows  
    In each and everybody  
    There is a Lil' Mo  
They gotta know about me  
    They gotta feel the love  
    I gotta show 'em all  
From the biggest to the small  
From the bottom of my heart  
    To the depths of my soul  
How I made it through the fire  
    And came out pure as gold  
    My life, my heart  
    My story, my everything  
    To all of you is all of me  
    My story, my everything  
    My life, my heart  
    My story, my everything  
    To all of you is all of me  
    My story, my everything  
I'm giving you me, everything of me

My whole story I hope that you will see  
The life I'm living, my heart I'm giving  
    Myself into you everything of Mo  
    I'm giving you me, everything of me  
    My full story I hope that you will see  
From the bottom of my heart to the depths of my soul  
All I have to go through the fire to come out pure as gold  
    My life, my heart  
    My story, my everything  
    To all of you is all of me  
    My story, my everything
