

Come Morning

The Nelons

God's children too long have been burdened
They are longing for heaven's green shore.
Where heartaches are left far behind us
And burdens are carried no more.

Chorus

Come morning I walk by the river, I'll rest neath the evergreen tree
I'll carry my cross through the midnight
Come morning there's glory for me!

Sometimes I'm despised and rejected
And I question "Oh Father how long?"
Then I take one more look at Mount Calvary
And it gives me the strength to go on.

Repeat chorus 2x
