Run and Hide

Live Tropical Fish

That look is all over your face
You've passed this way before
And even though you've lost the race
You still come back for moreI've told you since way back
When there's nothin' you can do
And even though you've tried again
You've got no place toRun and hide
Run and hideYour hurt is a recurring thing
You think it's come to stay
But still you keep remembering
You hope it will go awayNo matter how hard you try
There's nothing that you can do
Don't live a life that's just a lie
You've got no place toRun and hide
Run and hide
Run and hide
Run and hideI guess it's time that I should leave
I guess I'll be on my way
'Cause stayin' here is too much pain
And there's nothin' that's left to saySo if you ever need someone to show you sympathy
Just remember the important thing
You've got no place toRun and hide
Run and hide
Run and hide
Run and hide
