

Hovering

[Miley Cyrus](#)

Sometimes I wonder if everything changed,
How could we make out?
And now suddenly thunder and everything's changed,
There's this big dark cloud
HoveringHovering, hovering, hovering
You always said that we'd make it through
Troubling, stumbling, fumbling
For the words to say that I'm leaving you
I'm leaving youWe go through the motions like everything's settled,
But it's inside out
And it makes us uncomfortable still holding on
When there's all this doubt
HoveringHovering, hovering, hovering
You always said that we'd make it through
Troubling, stumbling, fumbling
For the words to say that I'm leaving you
I'm leaving youAnd maybe we're just older,
Just a little older
'cause the fact that this is over.
The fact that this is over with you's beenHovering, stumbling, fumbling.
For the words to say that I'm leaving you
I'm leaving youYou always said we'd make it through,
You always said we'd make it through
