

Feel the Blade

Liege Lord

[Lyrics: Comeau]

[Music: Nelson] Looks in the mirror, thinks he knows what he sees

Hides the truth from himself

Not from you or me, check it Acts like a dog, always take the easy way

You can't live forever without responsibility Always in the action

And he knows which ways to go

The best way to break him is to break down his road [Chorus:]

Feel the blade, he's living a lie

feel the blade, he's wondering why

Feel the blade, why can't he see

That he'll feel the blade from me His dreams have been ended, cut him down to size

His dreams have been ended, maybe he'll realize He thought he'd live forever, for all eternity

He can't lead anything, nothing comes for free [Repeat chorus] [Repeat chorus] Feel the Blade
