

# Demons (Alan Wilkis Remix)

Fenech-Soler

Well hello old friend  
The night is dark, and I feel cold  
The sun is setting  
I need to get out before it starts I can feel it and I know it's not the same  
I'm the wound; you're the drug to ease my pain  
I was wondering if you'll ever see me again I keep running and I don't know why  
I see my demons and I just can't hide  
Say no! I wanna let go! I keep running and I don't know why  
I see my demons and I just can't hide  
Say no! I wanna let go! Your voice is fading  
A distant sound, a silent call  
It keeps me waiting  
The one to catch me if I fall I can feel it and it's not the same  
I'm the wound; you're the drug to ease my pain  
I was wondering if you'll ever see me again I keep running and I don't know why  
I see my demons and I just can't hide  
Say no! I wanna let go! I keep running and I don't know why  
I see my demons and I just can't hide  
Say no! I wanna let go! When there is so much at stake  
Tell me is this real or is this fake  
I'm circling around this room I keep running and I don't know why  
I see my demons and I just can't hide  
Say no! I wanna let go!
