

# Dangerous

## Jennifer Hudson

I do it for the thrill even if it kills  
Dangerous, you make me feel dangerous  
I do it for the thrill even if it kills  
Dangerous, you make me feel dangerousTouch my body  
    Make me feel like I'm alive  
I do it for the thrill even if it kills  
Dangerous, you make me feel dangerousDangerous, like, like no hands on a motorbike  
    Riding at the speed of light  
    When I'm with you  
    Ride like never seen street fights  
    I got you, you got me right  
    Like there ain't no daddy do, do or die  
    Turn my name so I know you're mine  
Daddy you know that I die for you, die for you  
    Daddy do, do or die,  
    Stay with me 'till end of time  
Daddy you know that I die for you, ride for youI do it for the thrill even if it kills  
    Dangerous, you make me feel dangerous  
    I do it for the thrill even if it kills  
    Dangerous, you make me feel dangerousTouch my body  
    You make me feel like I'm alive  
    I do it for the thrill even if it kills  
Daddy you know that I die for you, yeah, yeah, think I'm riding from cloud 9  
    Even if I we get caught now  
    Anything for you  
    Yeah, yeah, hold my body out for ransom  
    'Cause I wanna get hands on, hands on  
    Yeah I wanna get my hands on  
    Daddy do, do or die,  
    Turn my name so I know you're mine  
Daddy you know that I die for you, die for you  
    Daddy do, do or die,  
    Stay with me 'till end of time  
Daddy you know that I die for you, ride for youI do it for the thrill (don't back down)  
    I dare you  
    Break the rules  
    Live now,Â aliveOh, give me light  
You make me feel alive, aliveI do it for the thrill even if it kills  
    Dangerous, you make me feel dangerous

I do it for the thrill even if it kills  
Dangerous, you make me feel dangerousTouch my body  
You make me feel like I'm alive  
I do it for the thrill even if it kills  
Dangerous, you make me feel dangerousI do it for the thrill
