

# Too Cool

**John Novello**

I'm too cool for my dress, these shades don't leave my head

Everything you say is so irrelevant

You follow in my lead, you wanna be like me

But you're just a wannabe, love it or hate itI can't help the way I am

Hope you don't misunderstandBut I'm too cool, too cool

Yeah, I'm too cool to know you

Don't take it personal, don't get emotional

You know it's the truth I'm too cool for youYou think your hot but I'm sorry you're not

Exactly who do you think you are?

Can't tell you what that you haven't got

When we walk into the room I'm too cool for youYou're lucky I'm so nice, even I'm surprised

You are still allowed to be in my crew

I'll show you how it's done if you wanna be someone

Just watch me and you'll learn someMe, myself and I agree

You'll never catch up with me'Cause I'm too cool, too cool

Yeah, I'm too cool to know you

Don't take it personal, don't get emotional

You know it's the truth I'm too cool for youYou think your hot but I'm sorry you're not

Exactly who do you think you are?

Can't tell you what that you haven't got

When we walk into the room I'm too cool for youYou see some are born with beauty, brains and talent

And they got it all

While others have to try all their lives

Still they never get the callThat's the difference between you and me obviously

I'm a natural, I'm the real deal

I can't help the way I am

Hope you don't misunderstandBut I'm too cool, too cool

Yeah, I'm too cool to know you

Don't take it personal, don't get emotional

You know it's the truth I'm too cool for youToo cool, too cool

Yeah, I'm too cool to know you

Don't take it personal, don't get emotional

You know it's the truth I'm too cool for you
