

Behind the Lines

[Phil Collins](#)

I held the book so tightly in my hands
I saw your picture, heard you call my name
It was strange I could not look away
I had to be there, I wanted to go You gave me no reason, you gave me no warning
But I was with you, by your side
Give me the strength, so I can help you
And I can be strong now, they don't frighten me It's written in the book
The sun is hotter than before, but inside it's cold, I wonder why
But if the fire within your heart can beat the storm
Well I believe we can make it right It's time now, to show our feelings
Looking through you, your heart's empty
Whatever happened to you, you can't change it
No where to run to, please, oh please don't let me down But wait a minute I don't understand
It's getting stronger, hold my hand
Don't want to leave you I don't want to go
But I'm a' losing all control Can't you see me I'm slipping away
I can only stay if you've the will
To keep me here, oh Lord
It's written in the book I held the book so tightly in my hands
I saw your picture, heard you call my name
Oh and even though we never, never touched
I keep waiting for you just the same
