Have You Ever Known

Amely

Have you ever known what it's like to be nervous,
alone?
What it's like when the time slips right out your hands,
too late, now it's time to go...
And you wish, you wish for a moment like this,
when the time would stand still, and you'd kiss her with all that you have just to let her know.
And sometmes its hard to swallow,
but it's the way that I feel
can make red a go,
and there's nohing to stop me now...Maybe I'll scream out loud,
I'm fighting my way to the top,
so that you just maybe might hear me now.
I take a deep breath, let it out...Have you ever known, that I'm right there behind you
and so unbeieveaby taken by all that you are,
everything that I'll never know.
And sometimes it's hard to swallow,
but If you give me the chance, I'll never let go
'Cause there's nothing to stop me now...Maybe I'll scream out loud,
I'm fightingmy way to the top,
so that you just maybe might hear me now.
I take a deep breath, let it out...And I'll scream at the top of my lungs,
make a scene just to catch your attention
and all in-between
your beauty at once had me lost in the meaning...Maybe I'll scream out loud,
I'm fighting my way to the top...Maybe I'll scream out loud,
I'm fighting my way to the top,
so that you just maybe might hear me now.
I take a deep breath, let it out...
Itake a deep breath, let it out....
