

# Stop

## Thomas Anders

Stop! I don't wanna to lose you  
Got too much confusion  
Night, day, left, rightHey, I don't want your silence  
Feeling all this violence tonight, don't fightSweet soiree, night and day  
Don't think twiceI don't wanna close my eyes  
Never gonna play your lies  
So much, my tears rememberI, I just wanna let you know  
Never gonna let you go.  
This way my tears are sweet and coldPlease hear me lady, I miss your sweet helloTry, are gonna save me?  
I don't wanna lose you...  
Don't break my lifeSweet soiree,, night and day  
Night, day... cryI don't wanna close my eyes  
Never gonna play your lies  
So much, my tears rememberI, I don't wanna close my eyes  
Never gonna play your life  
So much, my tears rememberOh, if it's gonna break your life,  
Tell me what you likeSweet soiree, night and day  
Don't think twiceI don't wanna close my eyes  
Never gonna play your lies  
So much, my tears rememberI, I just wanna let you know  
Never gonna let you go.  
This way my tears are sweet and coldPlease hear me lady, I miss your sweet hello
