

# U Got To Be Mine

## Alborosie

You make me spin like a tape, fast forward rewind (U got to be mine)  
Black woman I bet pan mia you and my ball an mi dimes cah you (U got to be mine)  
Could be anyday if it's long, it's a matter of time (U got to be mine)  
And let me enter, I need you sugar oh lime, (U got to be mine)  
She winded pon me raided my jamaican cheetah  
Me gon straight to beekaa And let me send me Ibiza  
she played the cleavage so I must be Ceasar  
I'm like Da Vinci with my brush painting mona lisa  
Put your words pon mi lips come mi no type pon sweeter  
Come show me all you skilful pon the indian citar  
From my land to meija From meija to beefla  
from G string to al string from bebop to vision  
Do you want to go today please tell me no i don't  
If you plan to fly and let me tell me say you won't  
Your daddy must be next, but life is well to shine to you  
crazy crazy love

You make me spin like a tape, fast forward rewind (U got to be mine)  
Black woman I bet pan mia you and my ball an mi dimes cah you (U got to be mine)  
Could be anyday if it's long, it's a matter of time (U got to be mine)  
And let me enter, I need you sugar oh lime, (U got to be mine)  
Now my fyah is burning, the table is turning  
I spent long time searching, my chest is now hurting  
It's more than I earning, been flirting  
what a sprinkling over me head, now it's time to get dirty  
bubbling like a bual but a depresion bout a whistle  
the world outside is rough come catch up in a me castle  
follow me now me temple girl, like time me feel you  
put your words up and shine, but I shall never diss you now  
never you deny this, no o oh  
never you roun from your arts oh no  
love in your eyes I see,  
black woman I need you now

You make me spin like a tape, fast forward rewind (U got to be mine)  
Black woman I bet pan mia you and my ball an mi dimes cah you (U got to be mine)  
Could be anyday if it's long, it's a matter of time (U got to be mine)  
And let me enter, I need you sugar oh lime, (U got to be mine)  
Te quiero mucho mujer, tu corazon es mi corazon, amor de mi vida por siempre  
The passion in your eyes is true inspiration  
you are the sweetest meditation

you give me pure love, me no keep bad intention  
what a sweet confrontation  
You make me spin like a tape, fast forward rewind (U got to be mine)  
Black woman I bet pan mia you and my ball an mi dimes cah you (U got to be mine)  
Could be anyday if it's long, it's a matter of time (U got to be mine)  
And let me enter, I need you sugar oh lime, (U got to be mine)
