

Make My Heart Attack

Spitalfield

I work backwards from nowhere
Don't opposites attract?
I've got no friends and blank stares
That could make my heart attack And I miss you, don't you miss me?
I don't know just where to start
It's like when I'm without you
Things just fall apart
(With that well know) And I know that you know Ill be back, Ill be home
I'm tired of telling you something that you already know
And I know that you know Ill be back, Ill be home
I'm tired of telling you something that you already know And we'll make it through this
If I had just one wish
If my dreams all come true
Then your dreams will too And I miss you, don't you miss me?
I don't know just where to start
It's like when I'm without you
Things just fall apart
(With that well know) And I know that you know Ill be back, Ill be home
I'm tired of telling you something that you already know
And I know that you know Ill be back, Ill be home
I'm tired of telling you something that you already know Somewhere out there And I know that you know Ill be
back, Ill be home
I'm tired of telling you something that you already know
And I know that you know Ill be back, Ill be home
I'm tired of telling you something that you already know And I know that you know Ill be back, Ill be home
I know that you know Ill back, Ill be home
And I know that you know Ill be back, Ill be home
Im tired of telling you something
