

# dont leave me

## Blackstreet

What we gonna do right here is go back  
Way back. Back into time No baby no baby no baby  
No, no, no If you take your love away from me  
I'll go crazy, I'll go insane No baby no baby no baby  
No, no, no  
No baby no baby no baby  
No, no, no You've got your problems baby  
And I've got mine  
Let's just spend it all by putting it together, yeah  
When you say you love me it don't mean a thing  
If you care, you'll be there, like you used to be, yeah  
I'm searching for the words to make you realize  
That I really, really want you to stay, oh  
Tears of frustration I hold inside  
But if you walk away  
You'll make this grown man cry Don't leave  
Don't leave me girl  
Please stay with me tonight  
Don't leave me girl  
Please stay with me tonight Forget my pride girl, I beg you  
You're my heart, you're my soul  
You've got so much control  
My love runs deep within the ocean and sea  
But if you sail away  
You'll take a center piece of me Don't leave  
Don't leave me girl  
Please stay with me tonight  
Don't leave me girl  
Please stay with me tonight (No, don't go) Don't leave  
Don't leave me girl  
Please stay with me tonight  
Don't leave me girl  
Please stay with me tonight Stay, stay, stay  
Stay right here with me forever  
Stay, stay, stay  
Stay right here with me forever If you take your love away from me  
I'll go crazy, crazy, crazy, insane If you take your love away from me  
I'll go crazy, I'll go really crazy If you take your love away from me  
I'll go crazy, I'll go really crazy Stay, stay, stay

Stay right here with me forever  
Stay, stay, stay  
Stay right here with me forever No baby, no baby, no baby
