Game Boy

Shampoo

Got a game I can play
Got a game boyLife can be so sweet
If you weren't hangin' out on the street
Time goes so slow
Till you get a trick in bed
Off you go-goLevel 2, level 3, level 4
Try to beat your highest score
Steppin' up into overdrive, if you can stay alive
How can you be so dumb, you get used by everyoneGot a game I can play
Got a game boyGame boy, ain't you got no brains boy
If you don't get sick of it all
You're still on the game boyFlesh is reality
There's more to life but what can it be?
Games, on a loan
You're always searching
But you just can't find homeLevel 2, level 3, level 4
Try to beat your highest score
Steppin' up into overdrive, if you can stay alive
How can you be so dumb, you get used by everyoneGame boy, ain't you got no brains boy
If you don't get sick of it all
You're still on the game boyGame
Boy
You're still on the game boy
