Till the End

[Motörhead](#)

Don't tell me what to do my friend
Youll break more hearts than you can mend
I know my self like no one else
Nothing to defend
My life is full of good advice
And you don't have to tell me twice
Living here in paradise
Your rules that i should bendIn my years my life has changed
I can't turn back the time
I can tell you just what made me changeAll i know is who I am
I'll never let you down
The rest will give you trust until the endThere ain't no rules to follow
You cant predict tomorrow
I know just who my friends are
The rest can turn to stone
Your memories are yours alone
There yours untill your dust and bones
I know the things im looking for
I know just what I wantIn my life the times have changed
Im still in a rush
I don't want to hear your fairytalesAll i know is who I am
I'll never let you down
The rest will give you trust until the endUNTIL THE ENDIn your life you'll be amazed
About all you long to lose
You cant never live that life again
But one thing you will never lose
Is the signing in your head
That will still be with you till the end
