

Did You Imagine

Lumidee

(T me haces sentir)
(T me haces sentir)Did you imagine we would ever end up like this?
(T me haces sentir)
Did you imagine I would ever long for your kiss?
(T me haces sentir)
(T me hac-, t-t me, t me)Something just told me, go ahead and walk that way
And I seen your face
Inseparable we were ever since the day
Yes, it's no mistake
(T me haces sentir)So I wondered if you ever, ever, ever dreamed that this could be you
Right here in this place
And I wondered if you ever, ever, ever dreamed that this could be true
Yes, it's no mistake
(T me haces sentir)Did you imagine we would ever end up like this?
Did you imagine I would ever long for your kiss?
Did you imagine we would ever end up like this?
Did you imagine I would ever long for your kiss?
(T me haces sentir)I've grown to love you in such a special way
In my heart always
I've never felt a love, baby, not this way
Promise me, don't changeSo I wondered if you ever, ever, ever dreamed that this could be you
Right here in this place
And I wondered if you ever, ever, ever dreamed that this could be true
Yes, it's no mistake
(T me haces sentir)Did you imagine we would ever end up like this?
Did you imagine I would ever long for your kiss?
Did you imagine we would ever end up like this?
Did you imagine I would ever long for your kiss?
(T me haces sentir)Just wanna be with you, baby, you hold me
And you change my sadness, I'm happy, not lonely
I just wanna be with you, baby, you hold me
And you change my sadness, I'm happy, not lonely
(T me haces sentir)Did you imagine we would ever end up like this?
Did you imagine I would ever long for your kiss?
Did you imagine we would ever end up like this?
Did you imagine I would ever long for your kiss?
(T me haces sentir)
(T me haces sentir)
