Hey, baby girl, whats your name? Who you with?  
Do you wanna get down with this pimpin' lil' chick?  
Pop that thang, girl, pop, pop, pop, pop that thang, girlHey, baby girl, whats your name? Who you with?  
Do you wanna get down with this pimpin' lil' chick?  
Pop that thang, girl, pop, pop, pop, pop that thang, girlPop that thang, gone shake it for daddy  
You looking good when you up in the Caddy, we comin down  
Then we up in the club, high as hell, we aint givin a fuck  
Mistress screamin now, name the pot for meLater on you can gone ride on top of me  
Now, we can blow another sack, forget about the Lac  
Keep the block and bread daddy a stack  
Its like thatHey, baby girl, whats your name? Who you with?  
Do you wanna get down with this pimpin' lil' chick?  
Pop that thang, girl, pop, pop, pop, pop that thang, girlHey, baby girl, whats your name? Who you with?  
Do you wanna get down with this pimpin' lil' chick?  
Pop that thang, girl, pop, pop, pop, pop that thang, girlI aint lying, I get weak for the freak  
Shes so sweet the way she pop, pop, pop, the butt-cheek  
She got gold in her mouth always hollerin about the South  
If the boys came through, now, shes putting up the houseIts true, boo, what Im doing to you  
They way you come through the crib when the night is through  
And go down, say this what they loving us  
Now, they really wanna be you, but they dont know howHey, baby girl, whats your name? Who you with?  
Do you wanna get down with this pimpin' lil' chick?  
Pop that thang, girl, pop, pop, pop, pop that thang, girlHey, baby girl, whats your name? Who you with?  
Do you wanna get down with this pimpin' lil' chick?  
Pop that thang, girl, pop, pop, pop, pop that thang, girlShe looks so good when she came to me.  
Said, Boy, you better pay, I don't pop for free  
Put it like this, you can suck my peter  
Or even go home, 'cause I really dont need herPut it like this, you can suck my peter  
Or even go home, 'cause I really dont need her  
Put it like this, you can suck my peter  
Or even go home, 'cause I really dont need herI like girls thatll pop it all night for me  
And if another bitch trip, shell fight for me  
And shell ride on top like a rodeo  
She be poppin in the club til its time to goThen, its straight to the Lac  
Screaming, Bitch, better gimme my scratch, believe that  
If the boy started trippin', its click-clack  
Pimp, grabbing my hand like they the MackFrom the mighty, mighty, Mississippi, dont trip  
Just call me, and apply for a pimpIts all love  
Coming back for you boy back of the club

When its over, then maybe you get a hugHey, baby girl, whats your name? Who you with?

Do you wanna get down with this pimpin' lil' chick?

Pop that thang, girl, pop, pop, pop, pop that thang, girlHey, baby girl, whats your name? Who you with?

Do you wanna get down with this pimpin' lil' chick?

Pop that thang, girl, pop, pop, pop, pop that thang, girl
