

Perfect

Pay The Girl

I guess I was waiting for the right time
Seems like the right time never comes
I felt myself falling more and more into you
And you know I didn't want to feel
The way you made me feel You brought me to life there was nowhere to hide
How did you know what I was feeling inside
There was never a doubt and you never asked why
Everything is perfect right now At first I couldn't say nice things to you
Afraid that every word might drive you away
You didn't know that I would die for you
And you know I didn't want to feel
The way you made me feel I feel so alive and it's easy this time
How did you know what I was feeling inside
There was never a doubt and you never asked why
Everything is perfect
