Lusty

Azar Swan

All alone, in this heat
My thoughts start to wanderI'ma lonesome in this world
My hands start to long for your skin
My mouth starts to long for your kiss, your kissAnd the sun burns my skin
But it's outside and in, it's burning
Only you can soothe me, come cool me downI want you in my reach
Oh the things I'd do to you
I touch you when I close my eyesAnd the sun burns my skin
But it's outside and in, I'm burning
Only you can soothe me, come cool me downAnd the sun burns my skin
But it's outside and in, I'm burning
Only you can soothe me, come cool me downOh, the sun burns my skin
But it's outside and in, I'm burning
Only you can soothe me, come cool me down
