

No Whiskey

Big Talk

You know I don't need no whiskey

I don't need no rum and coke

You know I don't need no whiskey

I don't need no rum and coke

You know if I get that whiskey

You know I ain't comin' home

You know I can feel that flood

I can feel that flood comin' home

Girl you know not to leave

You know I ain't comin' home

But you know I need that whiskey

To set this bag of bones

(Set this bag of bones)

You know I don't need no whiskey

I don't need no rum and coke

You know I don't need no whiskey

I don't need no rum and coke

You know if I get that whiskey

You know I ain't comin' home

Girl you know not to leave

You know I ain't comin' home

But you know I need that whiskey

To set this bag of bones
