

# Devil Inside

## Halloween Tricksters

Everybody wants me to be their angel  
Everybody wants something they can cradle  
Oh, they don't know I burn, they don't know I burn  
They don't know I burn, they don't know I burn  
Maybe there's a devil  
Or something like it inside  
Maybe there's a devil  
Or something like it inside of me  
Devil or something like it inside  
Maybe there's a devil  
Somewhere really deep inside me  
Devil inside of me  
Jealous angel deep inside me  
You don't know 'cuz you're too busy reading labels  
You're missing all the action underneath my table  
I'm waiting for my turn, waiting for my turn  
Just waiting for my turn, just waiting for my turn  
Maybe there's a devil

Or something like it inside  
Maybe there's a devil  
Or something like it inside of me  
Devil or something like it inside  
Maybe there's a devil  
Somewhere really deep inside me  
Devil inside of me  
Jealous angel deep inside me  
Time to make it burn, this is how I burn  
Maybe there's a devil  
Or something like it inside  
Maybe there's a devil  
Or something like it inside of me  
Devil or something like it inside  
Maybe there's a devil  
Somewhere really deep inside me  
Devil inside of me  
Jealous angel deep inside me
