I Lust You (Heartbreak Remix)

Neon Neon

You and I carry on strenuously;
Carrying the burden of publicity.
Straight to another inevitably,
Sell photos of the newborn for the highest fee.And I love you...
Yes, I'll love you
If the price is right.And I lust you...
Yes, I'll lust you
If the price is right.You and I get along famously;
I need you and you need me.
Staring from the cover of a magazine,
Selling our souls for the highest fee.And I kiss you...
Yes, I'll kiss you
If the price is right.But I love you...
Yes, I'll love you
If the price is right.And I love you...
(You and I get along famously)
Yes, I'll love you
If the price is right.And I lust you...
(You and I get along famously)
Yes, I'll lust you
If the price is right.And I kiss you...
(You and I get along famously)
Yes, I'll kiss you
If the price is right.But I love you...
(You and I get along famously)
Yes, I'll love you
If the price is right
