

Saints & Sinners (Acoustic Version)

Flogging Molly

Saints and sinners are but we
Twisted wrecks of symmetry Like broken arrows split
Against this mindless rift we feed
Saints and sinners are
And each others company we seek Though we took our separate paths
Back to the womb where we collapsed On buildings full of living bricks
Cementing walls a dangerous fix
Oh, saints and sinners are
Begrudgers who will never mix Contemplating right from wrong
In retrospect we don't get on So Armageddon here we come
Who are the chosen ones?
Consequences who you've been
For in damnation Satan grins We're saints and we're sinners
Nothing more than lost beginners
Both now facing endless falls
It's hell or heaven cry's the pulpits' scorn
The pulpits' scorn Every saint now has a past
So may the sinners' future last
Every ghost still has a haunt
Where he or she feels they belong All possessing tortured souls
Confessing all that's yet to be
Saints and sinners are
Lunatics, a vicious breed So Armageddon, here we come
Who are the chosen ones?
Consequences who you've been
For in damnation Satan grins We're saints and we're sinners
Nothing more than lost beginners
Both now facing endless falls
It's hell or heaven cries Oh, we're saints and we're sinners
Nothing more than lost beginners
So wise men crank the guillotine
Where heads will roll for all to see
