

Anymore

Ella Mai

You don't need to call anymore
Don't fuck with you at all anymore
You dont need to stall anymore, anymore
We dont keep in touch anymore
Cause we aint in love anymore
Anymore, anymore, anymore, anymore, anymore
Used to be the one for me baby, baby
Used to be the one
Used to be the one, be the one babe
You been switchin up on me lately, lately
You been swtchin up, you been switchin switchin up babe
All facts all facts
So ima hit the club all trap all trap
Pull up in the lux all black all black
Crush up this bud like yeah yeah yeah withoucha baby
All man all man
Now you waken up that thing
Got me criss cross fall back fall back
Told you from the judge i can do bad bad withoucha baby
This dramas gettin old, Need to let it go
Different episodes, Same old show
All facts all facts
Ima hit this strip all trap all trap
Make this bitch rich all cash all cash
Toke on this blunt like yeah yeah yeah withoucha baby
