Well I's thinkin' about the
way it was when you
didn't go out much.
We didn't go out much.
Thinkin' about the way it was
when we didn't go out much.
We didn't go out much.
Thinkin' about the way it was.Yeah, yeah, I realize that you come and go.
You come and go.
I shouldn't worry.
I should not care whether you're there. Whether you're there.
Well I's thinkin' about the way it was
when we didn't go out much.
We didn't go out much.
Thinkin' about the way it was
when we didn't go out much.
We didn't go out much.Thinkin' about the way it was.
Thinkin' about the way it was.
Yeah, I was thinkin about the way it was.
Well I can't decide whether or not I should try. You should be able to tell me where you go. Where you go. Where you go. Where you go. Where you go. Where you go. Where you go. Maybe you just need some direction,
but it's not coming from me.
You just need some attention,
but it's not coming from me.
