## Ride the Sky

## Helloween

Much too long I've been a prisoner here The hour has come to break out Shackled and chained almost goin' insane It's better to live on the run Set me free, set me freeSend me a sign, wanna leave it all behind I'll be leaving the hands of doom Rearrange the master plan, take the future in my hands To be free and not trapped anymoreRide the sky, ride the sky Give me wings to fly, ride the sky Ride the sky, ride the sky Give me wings to fly, ride the skyl have to think for myself and then act In conformity of my own thoughts No one should tell me what's wrong and what's right Why don't you leave me alone? Set me free, set me freeSend me a sign, wanna leave it all behind I'll be leaving the hands of doom Rearrange the master plan, take the future in my hands To be free and not trapped anymoreRide the sky, ride the sky Give me wings to fly, ride the sky Ride the sky, ride the sky Give me wings to fly, ride the skySend me a sign, wanna leave it all behind I'll be leaving the hands of doom Rearrange the master plan, take the future in my hands To be free and not trapped anymoreRide the sky, ride the sky Give me wings to fly, ride the sky Ride the sky, ride the sky Give me wings to fly, ride the sky Ride the sky, ride the sky
