

# Never Over You

[\*\*Natalie Prass\*\*](#)

Each day I wait  
The pain is always following me  
I just won't do with someone new  
Can't you see  
That the search  
It's not over  
Until you're over lying next to me  
I just won't do  
Until I find a clue  
And we're back how we used to beEven if I wanted to  
No I never could get over you  
Now there's nothing left for me to doCan't erase that look on your face  
As it turned and walked away from me  
Oh I know I did not do  
What you needed me to  
And it's haunting meOoh even if I wanted to  
I never, never could get over you  
Now there's nothing left for me to doOh even if I wanted to  
No I never, never could get over you  
Now there's nothing left for me to doOh even if I wanted to  
No I never, never could get over you  
Now there's nothing left for me to doOh even if I wanted to  
No I never, never could get over you  
Now there's nothing left for me to do
