Hanging

London Session Orchestra

How 'bout a little bit of soul, some integrity
I'm not talkin' about no fake kinda feeling
But the girl in my dreams will be
For real without a doubt soI don't know who you are but find your way to me
Uh, in no rush to seeBaby, I'm hanging, hanging on for you
(I'm hanging)
That's where it is, go 'bout my businessHanging, hanging on for you
And you'll be mine in future time
It's true, ooh, ooh, ooh, ooh, ooh, ooh, ooh, oohHow 'bout we wait a couple years till you do it right?
I gotta a little game left
Soon I'ma hang up in a play and share this line
And you can do the same yes'Cause this horizon soon will focus into view, yeah
Uh, in no rush to seeBaby, I'm hanging, hanging on for you
(I'm hanging)
That's where it is, go 'bout my businessHanging, hanging on for you
And you'll be mine in future time
It's true, ooh, ooh, ooh, ooh, ooh, ooh, ooh, oohThere's no rush, we will touch
And it will be a whole other level girl
Just one kiss, yes this is
The heaven that will conquer the devil's world
Uh, in no rush to seeBaby, I'm hanging, hanging on for you
(I'm hanging)
That's where it is, go 'bout my businessHanging, hanging on for you
And you'll be mine in future timeHanging, hanging on for you
(I'm hanging)
That's where it is, go 'bout my businessHanging, hanging on for you
And you'll be mine in future time
It's true, ooh, ooh, ooh, ooh, ooh, ooh, ooh, oohHanging, hanging on for you
(I'm hanging)
That's where it is, go 'bout my businessHanging, hanging on for you
And you'll be mine in future time
It's true
