

# Blood Oath

## Designs Of Chaos

From my soul  
I dispose the weak  
Enslave, all kings left dethroned  
I pronounce  
My oath in BloodWithdrawn from my veins I spill  
An existence defined  
By the paths I saturateLaws you impose  
Get overruled  
Irrelevant ways of the fools  
Sentenced before higher courts  
I'm self detained,  
In ways you judge notDetours denied,  
Tell tales, of masses who failed  
Unearth and incinerate the old  
Feeble waysFrom my soul  
I dispose the weak  
Enslave, all kings left dethroned  
I pronounce  
My oath in BloodBleed the fucking truth  
Or die by the fraud  
That's become of you  
Denounce clones and amongst  
Kings, who use the flame and burnBlood in, blood out  
Blood in, blood outDetours denied,  
Tell tales, of masses who failed  
Unearth and incinerate the old  
Feeble waysBleed for the oath taken  
Bleed for the oath takenDetours denied,  
Tell tales, of masses who failed  
Unearth and incinerate the old  
Feeble waysFrom my soul  
I dispose the weak  
Enslave, all kings left dethroned  
I pronounce  
My oath in Blood
