

# Get Rich

## Kansas

Columbus sailed the ocean blue  
To see what he would find  
With visions of another world  
They said he'd lost his mind But when he told them of the land he'd found  
A land so rich with gold  
To get the treasures on the other side  
They left the lad of old to Get rich now  
Get rich now  
Get rich now  
Get rich now Napoleon thought that he could be  
The ruler of it all  
The things he wanted were so very big  
But he was very small They spread the word throughout the land  
That he would soon be king  
But his greed and pride got in the way  
And he lost everything to Get rich now  
Get rich now  
Get rich now  
Get rich now Oh the president and the generals  
Are getting ready for a war  
The only thing that they don't know  
Is what they're fighting for They shine their suits of armor  
And they tell us to prepare  
While they take wealth and freedom  
And just leave us standing there Get rich now
